FRENCH ACADEMIC QUALIFICATIONS

**1991-1994**

**PhD of the University of ROUEN**, France, presented on Januarry 31, 1994

Title : "Contributions à l'analyse automatique de documents cartographiques : Interprétation de données cadastrales" . Contribution to the automatic analysis of cartographic documents – Application to cadastral maps

Very honourable mention, with congratulations.

**2000**

**Accreditation to supervise Research** – University of Rouen, *Décember 23, 2000.*

Title : *From Image to technical documents : interpretation problems*

A FEW DATES IN THE CARREER AT THE UNIVERSITY

**1994**

**Appointed as Assistant Professor**

IUT de Lannion, Computer Sciences departement, University of Rennes I

**1998**

**National Promotion Assistant professor first Class** (Research criteria)

**1998**

**Moving to the** University of Rouen, Computer Sciences department

**2000**

**Accreditation to supervise Research**

**2001**

**Appointed as Full Professor of the University** La Rochelle, dpt Computer Sciences,

SINCE 2003, SCIENTIFIC MANAGEMENT, IN THE L 3I LABORATORY, UNIVERSITY OF LA ROCHELLE

From 2003 to September 2006, the activities of research of the laboratory were organized following of two orthogonal axes: the theoretical and methodological problems on the one hand, and the projects of application on the other hand. Within this framework, I was proposed to ensure the scientific animation and management of the scientific set of themes entitled MATRIIX (Models for the Analysis, the Treatment and the Search for Evolutionary Complex Information), one of the three central sets of themes of L3i. In addition, from the the application projects point of view, I ensured with Rémy Mullot the Co-animation of the project dealing with Documentary Information systems.

Since September 2006, the organization of the laboratory changed and this one is now organized in 3 project teams. I ensure the direction and the management of one of these teams, whose name is i-MeDoc (Image, numerical MEDia and Documents)

**Laboratory** : Laboratoire Informatique, Image et Interactions (UPRES EA 2118)

**Head of the laboratory**: Pascal Estrailleur (1998->Sept 2006)

Rémy Mullot (depuis Sept 2006)

**Personnal activities** : animation of the scientific team of research M.A.T.R.I.X. (Models for the Analysis, the Treatment and the Search for Evolutionary Complex Information) the L3i laboratory from 2003 to 2004

Since September 2006, the organization of the laboratory changed and this one is now organized in 3 project teams. I ensure the direction of one of these teams, whose name is i-MeDoc (Image, numerical MEDia and Documents)

**Direction** of i-Medoc Team September 2006

**keywords:** Document Recognition, systems of interpretation of image, documentary information system, geographical information system, representation of knowledge, multi-resolution analysis, classification, dynamic planning of programs, graphic recognition, indexing of image.

- **Scientific MATRIX Team : Modèles pour l'Analyse, le Traitement et la Recherche d'Informations complexes évolutives (MATRICE)-** Models for the Analysis, the Treatment and the Search for Evolutionary Complex Information)
- **ScientificManagement** : Jean-Marc Ogier Professor 100%

Within this research team, the considered problems are related to robust classification, fusion of data, structuring features of different levels of abstraction, modeling of space-time data, indexing of evolutionary complex data. This team of research gathered a little more of the third of the members of the laboratory.

• <b>Project Système d'Informations Documentaires - documentary information system</b>		
▪ <b>Scientific Management:</b> Rémy Mullot	Professor	50%
Jean-Marc Ogier	Professor	50%

This research project of L3i results from a regrouping of competences within the L3i laboratory. Its objective is to produce tools for analysis for the documentary information systems, with an aim of recognition and/or indexing. The specificity of this project is to consider variable levels of structuration of the analyzed documents. The considered documents can be static documents (fixed images) or dynamic (video document). Many a partnerships/cooperation were developed thanks to my intervention over the reference period: projects ANR (Frcnh National Research Agency), Technovision, industrial coperation, ....

• <b>i-Medoc Project Team</b>		
▪ <b>Scientific Management:</b> Jean-Marc Ogier	Professor	100%

Since September 2006, the Council of the L3i laboratory proposed to me to lead a research team whose name is "i-Medoc" (Image, numerical MEDia, DOCument). This team gathers 13 full time researchers, 1 ATER (temporary researcher), and 13 PhD students. Its objective is to develop synergies around understanding and the image analyzing techniques. The subjacent problems are related to the type of image which we analyze in the laboratory: UWB, image of documents, image very high resolution.

This team gathers 7 Full Professors and HDR, 6 Assistant Professors (MCF), 1 ATER, 13 Phd Students

#### Synthesis of supervising and publications (period 2003-2006)

	Total
Phd	9
Master by Research	4
DRT	3
Book chapters	10
National – International journals	5
International Conferences	22
Nationales Conferences	9
Invited Conferences	8
Contracts/projets reports	6

#### SINCE 2003, NATIONAL AND INTERNATIONAL SCIENTIFIC ACTIVITIES

- **Members of 19 jurys of thesis/HDR since 2003**
- **Depuis 2006, Vice Chair of Technical Committee n°10 (Graphic Recognition de l'International Association for Pattern Recognition (IAPR))**  
Since 2006, international authorities of the IAPR (International Association For Pattern Recognition: <http://www.iapr.org/>) proposed to me to become Vice Chair of Technical Committee 10 of this association ([www.iapr-tc10.org/](http://www.iapr-tc10.org/)), the Chair being Liu Wenyin, Pr in City University of Hong Kong.
- **Deputy manager of GDR CNRS I3 since June 2005. (Group of Research of 700 researchers in France, depending on the French National Research Center)**  
Since the last management committee held in June 2005, I ensure with Florence Sedes (Manager of the GDR) and Pierre Marquis the assistance to the management of the GDR I3.
- **From 2002 to 2006: member of the management committee of the GDR CNRS I3** and Co-representative and organizer of the community Document written within GDR CNRS I3 (with Nicole Vincent of the university of Paris 5). Within this framework of this scientific animation, I organised/co-organized more than fifteen national days of research since 2003 (days young researchers, seniors days, multi-field days...)
- Member of the Office of RTP Doc. - RTP Doc. of dpt STIC: Person in charge for the labour relations  
Since 2005, I integrated the office of RTP, in order to exchange on the strategic questions of the network of Document analysis researchers in France. More specifically, I was in charge of the relationship to industrial companies but also the animation of the scientific actions around digitalization in general.
- Since January 2007, Responsible for the animation of topic 6 "Digital Document" of the GDR CNRS I3 (French National Research Group). This catch of responsibilities follows upon the reorganization of the GDR, defined within the framework of GDR national meetings, which I organized in January 2007 in La Rochelle

- **International Research and Teaching**
- **Vietnam 40h of course on Pattern Recognition at the Institute for the Francophonie in Data processing (IFI) of Hanoï**, institution financed by AUF (Universitary Francophon Agency)+ 20h of course on Pattern Recognition as a invited Professor to a summer school organized by the AUF in September 2006 in QuyNhon. It was a question of up-dating the knowledge of a whole of teachers in University in this area of the Southeast Asia..
- **Malaysia** 20h of Lectures dealing with « **Information Retrieval** », December 2006, Univ de Kuala Lumpur
- **Chili Chile: LEctures of 60h, on the platforms of collaborative work for teaching in self-tuition. Lectures given to the University Playa Ancha, near the town of Valparaiso, Chile, in January 2006**
- **Tunisia : 20h of course on Pattern Recognition**, Master by research, Sfax Mars 2007
- **Spain: 10h of Lectures dealing with « invariant features and evolutionary algorithms »**, Avril 2007, UA Barcelone , CVC

SINCE 2003, MNAGEMENT OF SCIENTIFIC PROJECTS

- **National scientific Responsibility for project ANR (French National Research Agency) "NAVIDOMASS" labellized by the ANR (2007-2010) total**  
**Amount:** 530 k€  
**Equipment:** 140 k€  
**KeyWords:** indexing of images, masses of documents, structuring of spaces of characteristics, signatures, structure of document, information spotting  
**Partners :** LORIA, IRISA, LI Tours, LITIS Rouen, CESR Tours, CRIP5, société EVODIA
- **National scientific Responsibility for project ANR (French National Research Agency) ACI Masses de données « MADONNE ».**  
**Project ACI Masses of data labellised par le French national Research Ministry, l'INRIA, and the CNRS** (2003-2006)  
**Amount:** 150 k€  
**KeyWords:** images indexing, document spotting information spotting  
**Partners :** LORIA, IRISA, LI Tours, LITIS Rouen, CESR Tours, LIRIS Lyon
- **National Responsible of the workshop « Digitizing» of a French program « Society of the Information, Project Society of the information of the CNRS (2004-2005)**  
**Global Amount :** 50 k€  
**KeyWords :** numérisation du patrimoine, recherche par le contenu signatures, structure de document.  
**Partners :** LORIA, IRISA, LI Tours, LITIS Rouen, CESR Tours, LIRIS Lyon
- **Local Responsible of a French program ANR « ALPAGE »** (AnaLyse diachronique de l'espace urbain PArisien : approche GEomatique)  
**Project ANR** (2006-2009)  
**Global Amount:** 300 k€ -  
**KeyWords :** vectorisation of graphic documents, GIS, ...  
**Partners :** LAMOP Paris 1 (resp national), ArcScan Paris 1, OTELO La Rochelle, L3i La Rochelle
- **Local Responsible of a French program Technovision EPEIRES**  
**Projet MESR et DGA Technovision** (2005-2007)  
**Global Amount:** 100 k€  
**KeyWords :** Symbol Recognition, Perfomance evaluation  
**Partenaires :** LORIA Nancy, LITIS Rouen, LI Tours, L3i La Rochelle, Société AlgoTech Biarritz
- **Scientific Responsible of a European project EUREKA : RECONOMAD**  
**European Project EUREKA** (2007-2009)  
**Global Amount:** 1 350 000 €  
**KeyWords :** Reconnaissance on-line, reconnaissance de formes manuscrites  
**Partners :** e-Connector

## CONTRACTS MANAGEMENT

PROJECT	TYPE	YEARS	NB Labs (nb researchers)	Global Amount	ROCHELAIS Amount	NATIONAL Leading	PILOTAGE LOCAL	GESTION FINANCIERE

### DEPUIS 2003, SCIENTIFIC COLLABORATIONS

- **Partner Rochelais on MARVEL Projet – laboratory MICA Hanoï Vietnam.**  
**Projet ICT Asia, MESR, et CNRS (2004-2007)**  
**Global Amount :** 140 k€  
**Keywords:** multimodal indexing  
**Partners :** IPAL, I2R, NUS (Singapour), UMI CNRS MICA (Vietnam), NII (Japon), NTU, NCKU (Taiwan), INRIA, CLIPS, IRIT (France)
- **Telekom Malaysia : PhD of Noorazrin Zakaria, co-supervising of 3 Master by research**
- **Computer Vision Center de l'Université Autonome de Barcelone**  
 keywords : Symbol recognition. **PhD of Noorazrin Zakaria, co-supervising with Josep Llados of CVC de University Autonoma de Barcelona.**
- **Cartographic document analysis, University of Sfax, Tunisia.**  
 Co-supervising of Baddredine Khelifi since March 2007
- **Projet Numérisation de Documents patrimoniaux, Université de Tlemcen, Algérie.**  
 Depuis 1998, je coopère avec Monsieur Abdel Bessaïd, maître de conférences à l'Université de Tlemcen, Algérie. J'ai **co-encadré sa thèse d'état sur le thème de la vectorisation de documents cartographiques**

### SINCE 2003, EDITING COMMITTEES, PROGRAM COMMITTEES, ..., EDITORIAL BOARDS, , PRESIDENCES

#### • EDITING/REVIEWING COMMITTEES

Member of the editing committee of the french Journal I3, created by the CNRS.

Au plan international, je suis

- member of the **Editorial Board ELCVIA**, Electronic Letter For Computer Vision and Image Analysis,
- Member of **the Advisory Board de EuropIA.10 International** (<http://europia.org/EuropIA10>).

I was editor, co-editor of several special issues of journals : Signal processing and ELCVIA

**Reviewer fo international journals** : IEEE Transactions on Pattern Analysis and Machine Intelligence, IEEE System Man and Cybernetics, Computer Vision and Image Understanding, Pattern Recognition Letters, Pattern Analysis and Applications, International Journal for Document Analysis, ...

**And national journals** : I3, Document Numérique, Techniques et Sciences Informatiques, Traitement du signal, ...

#### • Program committee of conferences

I have been chair or co-chair of the following events :

- **Program co-Chair of Seventh International Workshop on Graphics Recognition (GREC'2007)**, organized by IAPR TC-10 (Technical Committee on Graphics Recognition), Curitiba, Brésil.
- **General chair of Assises du GDR CNRS I3**, la Rochelle from 15 to 17 January 2007.
- **General co-chair of Conférence internationale sur l'écrit et le document**, la Rochelle 2004.
- **General Chair of the industrial/academic partnership days** , 25 June 2004, La Rochelle
- **International Pattern Recognition of Information System (PRIS 2003)**, Angers 2003

Reviewers fo conferences.

**National** : Cifed'98 (Québec), Rfia'00 (Paris), Cifed'00 (Lyon), Cifed'02 (Tunisie), Rfia'02 (Angers), Rfia'04 (Toulouse), EGC 2005 (Clermont Ferrand), Rfia'06 (Tours), EGC 2006 (Lille), EGC 2007

**International** : Grec'99 (Jaipur, Inde), Grec'01 (Kingston, Canada), Grec'03 (Barcelone, Espagne), Pris'03 (Angers, France), Pris'04 (Porto, Portugal), Pris 2005 (Miami, USA), Grec'05 (Hong Kong Chine), Acivs'05 (Antwerp, Belgium), CIDE 2005, International Conference on Visualization, Imaging, and Image Processing (VIIP 2006, Palma de Mallorca) Pris'06 (Paphos - Cyprus), ICDAR 2007 (Curitiba Brésil), GREC 2007, PRIS 2007 (Portugal), IAPR GREC 2007 (Brésil), ...

#### SINCE 2003, ASSOCIATION ACTIVITIES, INDUSTRIAL RELATIONS

- **Scientific Associations : member of the administration council CA of l'AFRIF, Vice president du GRCE, membre IAPR**

- **Industrial Relations,**

- Responsible scientist of collaborations with international Filactiv, project around the nomadism and of documentary touristic information (supervising DRT JF Piret, Lucile Viallard)
- Responsible of the partnership with Telekom Malaysia on a project of recognition of graphic objects on mobile devices. Supervising of the PhD of Noorazrin Zakaria (70%) (and of 2 DEA) since Seven 2004
- Responsible of the collaboration project with company COREDEXE on a project on the universal habitat. The idea is to work of dynamic recognition of graphic documents to help the architects at the time of their phase of design of project of dwelling for reduced mobility people. 2005
- Person in charge relation HP éducation/Research France: member of the international consortium Chameleon, in charge of the relation seeks industry at the international level
- Person in charge for Structuring of the co-operation Research-Industry at the national level: national partnership APROGED: Association of the Professionals working on the Electronic Management of Documents
  - Creation, presidency and Animation of the first national day Research-Industry at the time of the SDN organized in La Rochelle in 2004. 80 companies, 400 French researchers
    - Animation of Innovation space of the Forum of the GEIDE (7000 visitors), Paris, in October 2004 and 2005 and 2006
    - Animation of the panel discussion on the topic of the digital workflows and companies, with the participation of personalities of prestigious institutions

#### DEPUIS 2003, RESPONSABILITES ADMINISTRATIVES ET COLLECTIVES

- **Vice President TIC-TICE** o the'University of la Rochelle
- **Head of the @ctice service of the University of La Rochelle**, the aim of which is to develop the se of e-learning in teaching
- Head of of the project « Digital Universities in Region », Poitou Charentes Limousin (UNRPCL) grouping 12 hih education organisms in 2 regions
- **Responsible of the Master by research Digital Arts** organized between the University of la Rochelle, the University of Poitiers, and the High School on Image of Angoulême (2001-2004)
- **Head of the de Professionalized Universitary Institute in Computer Sceinces** of the University of la Rochelle (2002-2004)
- **Expert for ministry (SDTICE) for projects MIPE**

#### DEPUIS 2003, OTHER RESPONSABILITES

- logistiques Responsabilities:

**2003-2007** Head of the project concerning the » pôle communication et multimédia : projet of construction of a new buildingfor ICT at the University of La Rochelle : 5 M€

- local et national Functions :

**2001-2007** Member of scientific council of the L3i laboratory

**2003-2006** Commission mixte de spécialistes (titulaire puis suppléant) 27<sup>ème</sup> - 61<sup>ème</sup> - 63<sup>ème</sup> section, INSA de Rouen

**2003-2007** Member of strategic council of Computer sciences department o the Univesity of La Rochelle

**2003-2007** Member of the network of the directors of IUPs STIC, on the level national

**2003-2007** Member Commission of specialists 27 2nd, University of Paris 5

## Invited Conferences

### Scientific

- [1] Jean-Marc Ogier, Numérisation du patrimoine : point de vue des analyseurs d'image Atelier De l'archive à l'open archive : l'historien et internet, Projet ATHIS, Mars 2006, Rome
- [2] Stéphanie Guillas, Karelle Bertet, Jean-Marc Ogier, Comment utiliser le treillis de Galois en Reconnaissance d'Images Atelier ECOI Extraction de COnnaissance à partir d'Images, Lille, EGC 2006
- [3] Conférence invitée pour le workshop organisé par l'International Association for Pattern Recognition Workshop IAPR - GREC'2005 (Graphic Recognition), Hong Kong, China, sur "Image analysis techniques for graphic recognition".
- [4] Jean-Marc Ogier, Document Digitization Problems, International Summerschool on digital documents Tromsø June 27 - July 3, 2005, Norway
- [5] Jean-Marc Ogier, Madonne's Project, International Webconference on digital documents, conférence diffusée depuis Lyon sur plusieurs points en Europe, Janvier 2005
- [6] Conférence invitée pour le workshop organisé par l'International Association for Pattern Recognition Workshop IAPR - GREC'2003 (Graphic Recognition), Barcelona, Spain, sur "Discrete Signature for Pattern Recognition".
- [7] Al-hajj, K. Bertet, J.Gay, and J.-M. Ogier, Aide à la reconnaissance d'objets détériorés avec un treillis de Galois. In Atelier Treillis, AFIA 2003, Laval, France, Juin 2003.
- [8] Conférence Invitée au Salon Professionnel "Géo-événement", Etat de l'Art en matière de Reconnaissance de Texte sur des documents cartographiques", Palais des Congrès Paris, Mars 2003.
- [9] Jean-Marc Ogier, Document Analysis, Séminaire scientifique de l'Institut pour la francophonie en informatique, June 01, Hanoï Vietnam.
- [10] Professeur invité au Computer Vision Computer de l'UAB Barcelone : Conférences sur le thème "Document Analysis", Juin 2002.
- [11] Lead speaker (conférence invitée) pour le workshop organisé par l'International Association for Pattern Recognition Workshop IAPR - GREC'2001 (Graphic Recognition), Kingston Canada, sur l'analyse de documents cartographiques.

## **En relation with industry and socio-economic partners**

- [12] Jean-Marc Ogier, Francis Allard, Maurice Spérando, Anomation de l'atelier « Forum Université Emploi – Thème », organisé à l'initiative du premier ministre, IUT de La Rochelle, 31 Mai 2006
- [13] **Animation de l'espace Innovation et Prospectives du Forum de la GEIDE** (7000 visiteurs), Paris, en Octobre 2004 et 2005, en tant que représentant de la communauté Recherche Française sur le thème du document numérique en tant que Membre du Comité d'Orientation Stratégique du Forum de la GEIDE. Cet espace innovation et prospectives a pour objectif de fédérer et promouvoir les structures innovantes à l'occasion du forum de la GEIDE. Une dizaine de stands est réservée à ces structures. L'ACI Madonne a en particulier présenté les activités du réseau en Octobre 2005.
- [14] **Co-animation d'un atelier** (avec Louise GUERRE – Directrice de la revue Archimag, PDG du groupe SERDA) sur le cycle de vie d'un document numérique dans l'administration au salon national **Futurinfo** (<http://www.futurinfo.org/>), dont le thème général est **la modernisation du service public et de l'e-administration**, placé sous le haut patronage du Premier Ministre.
- [15] Animation de la table ronde sur le thème "**Entreprise Etendue**", en présence du secrétaire d'état en charge de la réforme de l'état, Eric Woerth, du MEDEF, de la CFCI, de la fondation HEC, Forum de la GEIDE, Octobre 2004-12-12.
- [16] Conférence invitée sur le thème "Intelligence Artificielle", Club d'entreprise Rochelais Club 41, La Rochelle, Janvier 2002.

## **In Connexion with ICT and e-learning**

- [17] Jean-Marc OGIER, Accès à un ENT via un kiosque de prêt d'ordinateurs portables à l'Université de la Rochelle, Colloque International, «l'Université à l'ère Numérique »
- [18] Le projet Bac-up de l'université de La Rochelle, Christian ESKENAZI, Jean Marc OGIER, Grâce KRASKA, Mickaël GUI CHARD, BIENNALE de l'EDUCATION et de la FORMATION, Lyon (11 au 14/04/2006)

## **Patents**

- [Br1] R. Mullot, J.M. Ogier, J. Gardes, Y. Lecourtier, Procédé de segmentation et de reconnaissance d'un document, notamment d'un plan technique (dépôt de brevet par France Télécom n° 98.05825 du 7 mai 1998) – Brevet internationalisé.
- [Br2] J.M. Ogier, J. Gardes, C. Cariou, J. Iviglia, "Procédé de reconnaissance de formes invariant par rotation et changement d'échelle" (dépôt de brevet par France Télécom n° EN 99.02632 du 23 Mars 1999) – Brevet internationalisé.
